About This Document

This document contains information on the curriculum, polices and requirements of the William Woods University School of Education and its teacher certification process. Policies of the University and of the Missouri Department of Elementary and Secondary Education (DESE) provide the basis for much of the information herein. Thus, information is subject to change. The material in this document is available on the Education webpage of the University website. This handbook is intended to provide essential information concerning the Teacher Education Program and Student Teaching Program, as well as related policies and procedures. This Handbook is meant to serve as a guide and reference tool for all Education majors, faculty members, and University personnel.

Please direct any questions about this document to Dr. James Concannon, Director of Education at: james.concannon@williamwoods.edu

Conceptual Framework That Is Knowledge-Based

The written framing documents upon which the School of Education carries out its responsibilities are the University’s Mission Statement, the Department’s Conceptual Framework, Missouri Standards for Teacher Education Programs for beginning teacher and administrator preparation, utilizing the Missouri Teacher Standards and the embedded Interstate School Leader Licensing Consortium standards for administrative certification programs. The most updated version was approved on September 28, 2012. Information on this approval can be found on the Missouri Department of Elementary and Secondary Education (DESE) website at https://dese.mo.gov/educator-quality/educator-preparation/mo-standards-preparation-educators.
Articulated and Shared Conceptual Framework

We became a college officially in 1914. Our focus for the next fifty years was on training teachers, a profession built on compassion and the personal commitment to help others grow — values that we have held onto since the beginning. You can still see these values, stronger than ever, at work among our faculty and students today. Our Education graduates continue to be outstanding teachers and leaders in the Missouri school system and beyond.

The William Woods University Professional Education Unit has been refining its Conceptual Framework during the last decade. The basis for the current conceptual framework explicated in this document was developed in 1999. Members of the Professional Education Unit who participated at that time were Education faculty and Secondary Area Academic Faculty. Forming the foundation of the Unit’s framework for the William Woods University learning community is the William Woods University mission statement: William Woods University promotes a student-centered learning environment valuing inclusion, creativity, and intellectual inquiry. Focused on professions-oriented education, we prepare learners for success.

Building upon this mission statement, the School of Education refined the 1999 Conceptual Framework during Fall 2004 by expanding explanations of the unit’s guiding principles. The precursor document was developed during the 2000-2001 academic year. During both processes, the Unit’s faculty (that included general education faculty, program methods faculty, and graduate faculty) provided guidance and input for its content and approval of the final forms. In preparation for this accreditation visit, both the undergraduate and graduate Education faculty reviewed the “Conceptual Framework” and the “Addendum to the units Conceptual Framework: Learning in the William Woods University Graduate Programs in Education.”

When completed and approved by the faculty, the 2001 document and its 2004 revision, and its 2011 update were disseminated to both undergraduate program teacher education stakeholders and graduate program principalship and superintendency certification stakeholders through the university website, new student and instructor orientation materials, professional development workshops for faculty, and student bulletins and handbooks.

The mission of William Woods University and the Education Unit’s Conceptual Framework are articulated and shared regularly among the professional education community and its stakeholders. PSEL, MOSLPA, and/or MoSPE standards are articulated and aligned in the syllabi with student learning objectives throughout graduate and undergraduate courses.

Students demonstrate an understanding of these standards (and of the DESE administrative certification competencies) by being required to develop a program professional portfolio, selecting artifacts, and writing reflections on the artifacts, research articles and/or field experiences aligned to each standard.
In addition, the conceptual framework is consistently articulated in the instruction of each course through suggested class session activities contained in the course syllabus that suggest the use of varied individual and group learning activities, such as group consensus-building activity, teamwork, problem-solving, culminating group projects/presentations, reaction papers, role play simulations, and writing reflection papers on current issues and/or research.

Our daily mission as an Educator Preparation Program is to immerse students in a learning environment focused on theory, knowledge, experience and reflection. We believe that student-centered coursework, application of learning in educational settings, group-based activity and the ability to reflect on one’s practice are the essential disciplines for developing you into the kind of high-quality teacher needed to boost student achievement in our state and elsewhere.

We base our Teacher Education Program on the belief that all students deserve to have effective, caring educators who are knowledgeable in content, management, interpersonal skills, and the teaching/learning process. When you qualify for this program, you will receive the guidance and mentoring you need to follow the path to certification.

Policies

This section contains information on University policies pertinent to students in Teacher Education. Students should check with their academic advisor or with the Director of Education if they have any questions about these policies or the information in this section. Students should read and acknowledge that they understand the policies dictated in this document. Please check with your advisor if you have not signed an acknowledgement form. These forms are available in the Education Department main office. Students should refer to the transition points in this section frequently throughout their program of study to monitor their progress toward graduation and teacher certification.

Teacher Education Program

The Teacher Education Program (TEP) consists of multiple transition points students must meet to gain certification. Each student has an advisor who is available to answer questions and provide guidance, but students are ultimately responsible for making acceptable progress with their transition points. The transition points consist of three different levels that are guided by assessments and must meet the specific requirements at each level to continue in the program.

Entry Level Admittance to the TEP

Admission to the University does not guarantee admission to the Teacher Education Program. Teacher candidates must formally apply to be admitted to the Teacher Education Program. Students may apply to the TEP when they meet the criteria listed below. Applications to the TEP can be found outside the School of Education Main Office or online at [http://www.williamwoods.edu/academics/undergraduate/programs_and_degrees/education/docs/teacher_ed_application.pdf](http://www.williamwoods.edu/academics/undergraduate/programs_and_degrees/education/docs/teacher_ed_application.pdf)

To be eligible for admission to the TEP, students must have completed/attained the following and submit paperwork to Cheryl Knipp (AB 501):

1. A grade point average in both content coursework and professional education coursework of 3.0.
2. Completion of EDU 291 with a grade of C or higher
3. Declaration of major with the university registrar.
4. Official transcripts from all higher education institutions attended on file with the university.
5. Background check clearance (Family Care Safety Registry)
7. At least one of the following:
   - ACT Score of 18 or higher.
   - Qualifying MoGEA score (see detailed assessment section below)
   - SAT score of 960 or higher
   - Passing scores on the elementary MOCA
   - Passing score on the Missouri paraprofessional exam
8. Approval from Chairs and the Director of the School of Education.
It is the student’s responsibility to ensure all items are in his or her file, which is located in Academic Building 501 (Cheryl Knipp).

Admittance and Transfer Students

Teacher candidates should apply for the TEP by the end of their sophomore year. TEP applications are received by Mrs. Cheryl Knipp. Applications are then sent to the Registrar for official review of requirements, then reviewed by the Director of the School of Education, and then voted upon by undergraduate School of Education faculty. The faculty members of the School of Education will review applications relating to their qualifications for admittance. Applicants will be notified of their status, which will be one of the following:

1. Approval, which indicates the teacher candidate has been formally admitted to the Teacher Education Program.
2. Provisional Approval, which indicates the teacher candidate, may enroll in upper-level courses if a plan for completing all requirements has been established.
3. Denial of Approval, which indicates deficiencies in the application that must be addressed before approval can be granted.

Teacher candidates will be notified in writing of their status within 4-6 weeks of their application by the department, which will detail their status at that time. Any exceptions to these guidelines require written approval from the Director of Education. Transfer students who have previously had course equivalences for EDU 250 and 291 and fulfill the above TEP admission requirements should apply to the program immediately and turn in proof of testing scores. Scores will be cross checked with the testing company to ensure validity of the self-reported scores.

Admittance to the Student Teaching Program (STP)

Upon completion of all coursework in the teacher candidates’ program, students must complete the Student Teaching Practicum for their designated program. The details for this experience can be found at the following website:
http://www.williamwoods.edu/academics/undergraduate/programs_and_degrees/education/related_resources_education/student_teaching.html#StudentTeaching

A formal application process is used to gain admittance to the STP. Applications can be found outside the main office for the Department of Education or at the following website:
http://www.williamwoods.edu/academics/undergraduate/programs_and_degrees/education/docs/student_teaching_application.pdf

All applications MUST be received by the Office of Education by the deadline assigned for the year. Applications received after the deadline may not be considered for review.
To be eligible for admission to the STP, students must have completed/attained the following:

1. A 3.0 GPA in both content coursework and professional education coursework, as defined by the student’s degree plan.
2. A passing score for the Missouri Content Assessment (MoCA). *Preliminary passing scores may be used to satisfy this requirement but must be verified for authenticity by the Director of Education.
3. Completion of all undergraduate content and education coursework (apart from EDU 492 and student teaching).
5. A substitute teaching certificate.
6. Approval from the Undergraduate Education Chair, Dr. Joe Davis

The following items are not requirements for the STP application process but must be completed prior to student teaching begins. Please note that a student’s inability to obtain the following items may render them ineligible to participate in the Student Teaching Program. Please direct any questions about this to the Chair of Clinical Experiences.

7. A background check completed in compliance with state law.

**It is the student’s responsibility to ensure all items are in his or her file, which is located in Academic Building 501 (Cheryl Knipp).**

Teacher candidates should apply for the Student Teaching Program one semester prior to their anticipated experience. The faculty members of the department will review applications relating to their qualifications for admittance. Two statuses are possible when applications are received:

1. Approval, which indicates the teacher candidate has been formally admitted to the program.
2. Denial of Approval, which indicates deficiencies in the application that must be addressed before approval can be granted.

Teacher candidates will be notified in writing of their status within 4-6 weeks of their application by the department, which will detail their status at that time. Any exceptions to these guidelines require written approval of the Director of Education. Please note that it may take additional time to complete the placement of a teacher candidate. Any inquiries should be made to the Director of Clinical Experiences.
Students may request placement for their assignment but this must be done in a 75-mile radius of the University, using the following address: 1 University Ave., Fulton, MO, 65251. Mapquest will be used to verify that the school selected falls within this range. Students who would like to request placement outside of this area may do so in writing but placement will only occur with approval of the Director of Field and Clinical Experiences and a majority vote from the Teacher Education Faculty. Students must produce a reason that they could not get the same experience at a school within the 75-mile radius.

Program Completion

Completion of the student teaching experience and the educational seminar course completes the coursework for the candidate. To be recommended for certification, the following criteria must be completed:
1. Have completed all courses required for the degree and teacher certification in compliance with Missouri state statute.
2. Have completed all state required assessments.
3. Have a content GPA and Professional Education GPA of 3.0
4. Have no grade below a C in any Education or Content Area course
5. Have completed the Pre/Post MTS assessment for the University
6. Have a completed background check and valid substitute teaching certificate.
7. Obtain passing MEES scores (42) and have MEES forms on file
8. Completed exit surveys.

The Department of Elementary and Secondary Education (DESE) will determine final recommendation for certification in the State of Missouri. The University Registrar will verify the completion of the previously mentioned criteria and then recommend the candidate for certification. Applications for certification can be found on the DESE website at the following location: https://dese.mo.gov/educator-quality/certification

Assessments

During a teacher candidate’s experience, they will be required to complete a total of five to six assessments:
1) Disposition Assessments
2) Missouri Content Assessment
3) Missouri Educator Evaluation Systems Assessments (summative passing scores of 42 required for certification)
4) Google Educator Certification (optional)
5) Missouri General Education Assessment (Beginning January 1st, 2021 students applying to the WWU TEP must have a score of 18 or above on the American College Testing exam (ACT). However, Students with an ACT score below 18 may appeal with a qualifying score on the MoGEA, an SAT score of 960 or higher, completion of the elementary MOCA, or the paraprofessional test)
The next section of the Handbook contains a brief description of these assessments, information about how to sign up for the exams, as well as opportunities for financial aid and assistance in studying for the exams. Three assessments are used as part of the Missouri Educator Gateway Assessments (MEGA) programs that were designed by the State of Missouri to evaluate both dispositions of educators and their knowledge of content prior to student teaching. These assessments were created by Pearson and can be accessed here: http://www.mo.nesinc.com/PageView.aspx?f=GEN_Tests.html

**Missouri General Education Assessment (MoGEA)**

“This assessment includes four subtests: Reading Comprehension and Interpretation, Mathematics, Science and Social Studies, and Writing. **Examinees must pass all four subtests**”

Information about the types of questions, validity, and reliability can also be found at the above website. Teacher candidates are urged to prepare for this exam and complete the 28 hours of general education coursework that is recommended to help with the information that is present on this exam. The Wise Owls program was created for this purpose. Its focus is to not only help students master the content, but to provide test taking strategies in order to be successful. Please contact joseph.davis@williamwoods.edu for information regarding this extremely helpful program that is free of charge to ALL students.

Students that are receiving financial aid or cannot afford the assessment can apply to receive a voucher that is good for 50 dollars to pay for the first attempt. Applications can be found in the Department of Education Main Office, on the William Woods website, or through your advisor.

Each institution has established cut scores. It is important to understand that each institution is different and while the scores that you received at one institution may be acceptable, they will not count if below the scores established by William Woods University. Students must have the following scores to be accepted into the TEP:

<table>
<thead>
<tr>
<th>Assessment</th>
<th>Score</th>
</tr>
</thead>
<tbody>
<tr>
<td>Reading Comprehension and Interpretation</td>
<td>202</td>
</tr>
<tr>
<td>Mathematics</td>
<td>200</td>
</tr>
<tr>
<td>Science and Social Science</td>
<td>204</td>
</tr>
<tr>
<td>Writing</td>
<td>193</td>
</tr>
</tbody>
</table>

*These scores are set on a yearly basis and are subject to change. More information can be found at the following web address: http://www.williamwoods.edu/academics/undergraduate/programs_and_degrees/education/related_resources_education/MEGA_tests.html#MEGA*
Missouri Content Assessments (MoCA)

The Missouri Content Assessments are designed to measure content knowledge specific to the teacher candidates’ route to certification. The passing cut score has been established by the Department of Elementary and Secondary Education (DESE) at 220. ALL teacher candidates must pass their specific content assessment in order to apply for the Student Teacher Program. Information about each individual test can be found at the following web address: http://www.mo.nesinc.com/PageView.aspx?f=GEN_Tests.html

Students that are receiving financial aid or cannot afford the assessment can apply to receive a voucher that is good for 100 dollars for Elementary and Special Education candidates and 75 dollars for all other K-12 and Secondary programs to help pay for the first attempt. Applications can be found in the Department of Education Main Office or through your advisor.

The University is committed to helping students track their progress in relation to the knowledge they have gained throughout their experience in the program as well as in relation to the MEGA assessments. In the Spring semester of every academic year, students are required during Student Performance Review days to take a practice test in preparation for the assessment they should be taking. The score sheets are collected and discussed with their advisor during their Spring advising session.

Missouri Educator Evaluation System (MEES)

MEES is an assessment that is utilized in EDU 291, EDU 395, and during student teaching. Students will become familiar with the MEES in EDU 291 and EDU 395 from evaluations determined by their practicum site cooperating teacher. Later, in student teaching, the cooperating teacher and the university supervisor will evaluate the student teacher at least twice using the MEES evaluation. The MEES evaluation will be conducted at mid-term and near the end of the student’s student teaching experience. Students must have a final summative score of 42 or higher (combined score from university supervisor and cooperating teacher) to be recommended for certification.

Google Certified Educator Training

Become a Google Certified Educator and learn to how to incorporate the latest technology into your classroom.

Google Certified Educator Training

Schools around the world are utilizing Google’s G Suite for Education. In fact, over 80 million students and teachers use Google’s Education tools. One recent U.S Department of Education report highlights the rapidly increasing integration of technology into American classrooms and calls for more rigorous training in educator preparation programs.
Google Certified teachers integrate technology into their teaching using strategies and tools that:

- Simplify classroom management
- Help teachers connect and communicate with students, parents, and colleagues
- Create new ways to assess student learning and provide high-quality feedback
- Facilitate and inspire student learning and creativity
- Increase efficiency and save time
- Support professional growth and leadership

Pre-service teachers in the William Woods University Educator Preparation Program will have the opportunity to become Google Certified Educators with support from faculty dedicated to digital pedagogy and blended learning. In addition, students will have opportunities to implement practical digital skills in clinical coursework, building on frameworks, such as:

- The SAMR Model for Technology Integration
- International Society for Technology in Education (ISTE) Standards

To learn more about Google Educator Certification, visit: https://teachercenter.withgoogle.com/certification

Programs

This section contains information on University majors leading to teacher certification, plus the concentration in Early Childhood Education that leads to add on certification. Major requirements are subject to change. Students who remain full-time students at William Woods for each fall and spring semester during their program of study may continue to follow the major requirements they initially declared. If questions arise, students should consult with their advisor or the Director of Education to see if the Missouri Department of Elementary and Secondary Education (DESE) has changed any certification requirements in their major. Such changes by DESE would not affect graduation requirements, but could affect a student’s ability to obtain certification from DESE.
Education Majors Offered at William Woods University

William Woods University graduation requirements and additional requirements of the WWU Teacher Education Program combine to meet Missouri teacher certification requirements in several disciplines. Students planning to teach in another state should check with that state’s department of education about its teacher certification requirements.

Students that are interested in Early Childhood Education can take the prescribed concentration of 12 hours. This concentration will be listed on the teacher candidates’ transcript at graduation but DOES NOT lead to initial certification.

Elementary Education major
(Bachelor of Science degree)

Teacher candidates that are interested in Elementary Education are required to complete coursework specific to the Department of Elementary and Secondary Education (DESE) matrix. The specific matrix, 4-year traditional and 2-year transfer student sequence, and approval letter that allows the University to offer this program can be found at the following web address:

https://dese.mo.gov/educator-quality/educator-preparation/directory-approved-prof-ed-programs

The specific University checklist, as well as other information regarding this program, can be found at the following web address:
Middle Level Education major  
(Bachelor of Science degree)

Teacher candidates that are interested in Middle Level Education, with concentrations in English/Language Arts, Science, Mathematics, and Social Science are required to complete coursework specific to the Department of Elementary and Secondary Education (DESE) matrix. The specific matrix, 4 year traditional and 2 year transfer student sequence, and approval letter that allows the University to offer this program can be found at the following web address:
https://dese.mo.gov/educator-quality/educator-preparation/directory-approved-prof-ed-programs

The specific University checklist, as well as other information regarding this program, can be found at the following web address:
http://www.williamwoods.edu/academics/undergraduate/programs_and_degrees/education/elementary_education/index.html

Special Education major  
(Bachelor of Science degree)

Teacher candidates that are interested in Special Education: Mild/Moderate Cross Categorical K-12 are required to complete coursework specific to the Department of Elementary and Secondary Education (DESE) matrix. The specific matrix, 4-year traditional and 2-year transfer student sequence, and approval letter that allows the University to offer this program can be found at the following web address:
https://dese.mo.gov/educator-quality/educator-preparation/directory-approved-prof-ed-programs

The specific University checklist, as well as other information regarding this program, can be found at the following web address:

K-12 and Secondary (9-12) Certification Majors

Teacher candidates that are interested in K-12 Education, which encompasses Art and Physical Education, and High School (9-12), which encompasses Biology, English, Speech and Theatre, Mathematics, and Social Science are required to complete coursework specific to the Department of Elementary and Secondary Education (DESE) matrix. The specific matrix, 4-year traditional and 2-year transfer student sequence, and approval letter that allows the University to offer this program can be found at the following web address:
https://dese.mo.gov/educator-quality/educator-preparation/directory-approved-prof-ed-programs

The specific University checklist, as well as other information regarding this program, can be found at the following web address:
http://www.williamwoods.edu/academics/undergraduate/programs_and_degrees/education/secondary_education/index.html

Courses That Contain Clinical Experiences:

It is imperative that students get as many hands-on experiences as possible as an undergraduate student does so that they can apply the knowledge that they have gained immediately and receive immediate feedback to how students respond. Because this is a major point of emphasis within our program, it is important to see how much real-life experience students receive in the field.

DESE Compliance

William Woods School of Education is committed to maintaining compliance with the Missouri Standards for the Preparation of Educators (2020). These standards can be reviewed by navigating to the following site:
https://dese.mo.gov/sites/default/files/MoSPEStandards.pdf
Application to Teacher Education Program

Teacher Education Program Requirements:

- **Required Assessment Score**
  - Beginning November 1st, 2022 students applying to the WWU TEP must have a qualifying score on one of the following assessments:
  - Score of 18 or above on the American College Testing exam (ACT).
  - Score of 960 or above on the SAT
  - Passing MoGEA scores
  - Passing score on the elementary MOCA
  - Passing scores on the Missouri paraprofessional exam

  ACT Score (if applicable):____  SAT Score (if applicable):____

- Disposition Scores
- Completion of EDU 291 Beginning Clinical Experience
- Letter of Recommendation from WWU faculty member (turn in to Cheryl Knipp)
- FCSR Background Check
- 3.0 Content and Professional Education GPA
- Approval by Director, Chair of Field and Clinical, and Chair of Undergraduate Programs for the SOE.

Please print and sign your name and submit it to the Education Office, Room 501 of the Academic Building. All additional required paperwork is to be submitted to Room 501.

Applicant’s name (please print) _____________________________________
Applicant’s major __________________________________________________

By signing below, I understand that if I have a criminal record, I may not be able to become certified. I understand that I can, however, contact the state department of education and have them decide at this point if the offense will keep me from being certified.
