

# HOW TO USE THE WILLIAM WOODS OWLNET MOBILE APP

## LOGGING ON

- 1 Search for and download the William Woods University OwlNet App on Google Play or the App store. (Search "William Woods" or "OwlNet")

- 2 To login to the app, click the three bar menu on the top left side of the page and choose "Login".

- 3 Login using your WWU Quicklaunch account

- 4

Once you're logged in, again select the three bar menu at the top left. This will give you options for News, Announcements, Student Center, LEAD, Athletics, Tucker Dining Hall, and The Learning House.

- 5 (Optional) We recommend going into "Settings" on your first login and changing the first screen to display as the 'Student Center' for easier navigation through your courses. The Student Center includes links to Courses (Faculty and Students), Personal and Financial accounts, Calendars, Res Life, Transcripts and Advising.

Note: You can always go back to the main menu by taping the three bar menu at the top left.

## ACCESSING YOUR COURSES

- 1 Student Center:** From the main menu (accessed by tapping the three bar menu at the top left) select "Student Center."

- 2 My eLearning:** Access your OwlNet courses by selecting "My eLearning."

- 3 Course Information:** Select the course that you wish to get further details on. (IE: the SP01 course)

- 4 Course Details:** Select Menu to view the details of your selected course.

- 5 Course Details:** Select the links as you would from the desktop version here.

- Online Courses:** Access to all of your online courses through The Learning House (MOODLE).

*Note: Only students taking online courses will have access to MOODLE.*
