On the Hunt
Charity Show

January 24th - 25th , 2026

WILLIAM WOODS
UNIVERSITY

WWU On the Hunt is a new charity show highlighting the origins of fox hunting. The proceeds from this show will directly support the hunts listed below. These proceeds will help these hunts continue to grow and care for their beloved hounds and members. By participating in this show, you will have the opportunity to see the versatility that hunt horses and riders require to thrive in the hunt field--all while giving it your best shot! Please join us on January 24th and 25th at our first WWU On the Hunt charity show!

Fort Leavenworth Hunt

Ozark Highland Hounds

William Woods University's educational mission began more than 140 years ago in the aftermath of the Civil War, in the year 1870. The Christian Church of Missouri, as a work of compassion, founded a school for girls who had been orphaned by the conflict. The Female Orphan School of the Christian Church of Missouri, as it was called, eventually moved to Fulton, our present home, and grew to include other young women in addition to war orphans. In the present, William Woods University was one of the first universities in the United States to offer a four-year degree in equestrian science, William Woods has been the name to know in equestrian studies since 1924. The William Woods University programs combine a strong theoretical foundation with the riding, teaching, training, and business skills you will need for a successful equine career as a trainer, teacher, or manager in the booming \$112 billion equine industry. Our large, modern equestrian complex will provide you with an excellent educational experience in both classroom and field. Our traditional approach to horsemanship involves the four disciplines of Dressage, Hunter/Jumper, Saddle Seat, and Western.

Hunter/Jumper Club is a student run organization that organizes, funds, and runs the on-campus shows here at William Woods University. Also considered the show team, these students work hard to produce at least one horse show every semester. The club not only consists of students who are majoring in equestrian science/administration but also promotes the participation of all those with an interest in showing and show management. With the help of the club sponsor, Alanna Bielawski, the William Woods University Hunter/Jumper Club presents the 2026 Woods on the Hunt Charity show! The club wishes all contestants good luck and reminds you to always have fun.

Alanna Kay Bielawski is a dedicated equestrian professional with a comprehensive educational background and extensive hands-on experience in the equine industry. She holds a Bachelor of Science in both Equestrian Science and Equine Administration from William Woods University and recently earned her Master of Education in Equestrian Education, uniting her academic expertise with her passion for teaching and horsemanship. Following her graduate studies, William Woods University appointed her as Horse Manager, where she also manages the Hunter/Jumper program and teaches applied riding courses in the discipline. Alanna's ultimate goal is to inspire the next generation of riders by sharing her love of the sport while equipping them with the skills and confidence needed for success.

-RULES AND REGULATIONS cont.-

Awards

Ribbons & Awards will be given through sixth place in every class. Champion and reserve champion will be awarded in all divisions.

Classes

Classes may be canceled, combined, or divided if necessary. Entries must be submitted to wwuhunterjumpershow@gmail.com by January 16th. See entry form for class fees.

Hunter classes

All of our hunter classes will be a mix of a normal hunter class and a derby. Riders will have one normal hunter round, a handy round, and a flat. Riders may show as many horses as they wish in these classes. The rounds will consist of at least 8 fences at the base height. It will be judged using an open numerical scoring system.

Pairs Class

A team of 2 riders will do a hunter course and a flat class. For the jumping portion, the riders will switch leaders halfway through the course and jump the last jump tandem. For the flat class, riders will ride side by side and ask to walk, trot, canter, and change direction.

Gambler's Choice

Each jump will be given a point value, and every time a horse clears a jump, they receive the points assigned to that fence. Each jump may be jumped twice for points. Points will not be counted beyond the second jump per fence. Riders may take any path they choose and jump the jumps in any order they choose. There will be a time limit of 90 seconds, at the end of which the rider may opt to take the 'Joker' jump. The 'Joker' jump will add to the score if cleared and take away from the score if not cleared (knock down or refusal). The horse and rider combination with the most points wins and will be awarded half the total entry fees.

Don't Spill Your Flask

In this class, you will hold a cup of water. The person who spills the least wins. There will be an over fences class and a flat class.

-RULES AND REGULATIONS cont.-

Magazine Race

Riders will receive a number, ride down, dismount their horse, and then retrieve the corresponding page number. Riders will then remount their horse and come back. Fastest time wins. There will also be an over-fences version, where the horse and rider must jump a fence both on the way down and back.

Team Relay

Riders will compete as a team of 4. Riders will ride down to a cone at the end of the arena. They will then dismount and run their horse back in hand. The next person can go once the rider before them returns.

Fastest time wins.

Best Dressed

Riders will ride out on the rail in formal hunt attire. Riders will be asked to do a series of tasks. For example, walk, trot, canter, hand gallop, change of directions, or drop their stirrups. Riders will be judged on their formal turnout and ability to perform the task asked of them. For the Lead Line class, it will only be walk, trot, and a change of direction.

Trail Class

Riders and horses will go through an obstacle course. They will be asked to perform different tasks, all while being timed. The fastest time wins! Rider and horse may be asked to open a gate, go over poles and bridges, potentially crack a hunt whip, and dismount and remount to pick something up off the ground.
